EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Holland on 25 August 2006.

The application has been amended as follows:

Claim 16, amended to read:

An information handling system comprising:

plural processing components operable to process information, the processing components assembled to accept applications from a network location, the applications deployed with plural boots of the information handling system, selected of the processing components storing Option ROM code for execution at boot of the information handling system; and

an Option ROM boot execution controller interfaced with the processing components and operable to disable execution of selected Option ROM code in one or more application deployment boots;

wherein disabling the execution of selected Option ROM code in one or more application deployment boots occurs during a manufacturing function of said information handling system.
